

A New Way to Experience Telecommunications

Affordable

Don't spend money paying for equipment costs or special installation requirements. With IEElement you get all the advantages of an always-on, dedicated high speed broadband connection without the additional costs upfront. Experience always-on dedicated Internet access and save money.

Faster Internet Access

Stop wasting time waiting for graphically intensive web pages and large email attachments to download by taking advantage of IEElement's dedicated Internet access offering. Experience faster, always-on Internet access and support multiple users online at the same time.

Secure

Forget about your Internet security and focus on your business. IEElement partners with some of the largest telecommunications providers in the world to ensure that your broadband connection is secure. Experience always-on, dedicated Internet access by relying on IEElement to monitor, manage and maintain your service 24 by 7.

Proven Technology

IEElement utilizes a state of the art MPLS-enabled, fully redundant and fully scalable, coast-to-coast fiber optic network. IEElement services come with a 99% uptime guarantee as well as the highest Quality of Service (QoS) standards available today.
